

Quality Assured - Virtual Training

FAQS

Your questions - answered.

Keep reading for helpful answers to frequently asked questions regarding getting virtual training quality assured.

1. **Can sponsoring organizations or entrepreneurs deliver previously QA'd training live?**

Yes! We appreciate our partners being responsive to the needs of the field. This does not require the training to go through the QA process again. We just need to collect information on the required components. The virtual training form can be found on our website under the quality assured tab.

2. **What is the process for listing a virtual training on the registry?**

Submit the virtual training form to insititute-early-childhood@udel.edu mail box. To list a virtual training on the registry, submit the training request form included [here](#) at least 7 days prior to the training date.

Have a question?
